

FAIRGLOB[®]
Trading FZE

Founded in 2021, Fairglob Trading is a pioneer in the import and export sector. We have paved the way for a new era in global trade by adopting a functional trading platform that extends from the Gulf countries to all corners of the world. We have managed to make a difference in the sector by providing services with our wide range of products. We operate in many sectors from food and beverage trade to scrap wholesale of used pipes and tubes, from cooking oils to petrochemical materials. We also trade in frozen fish and marine animals. Fairglob Trading offers services not only in trade but also in real estate and consultancy and brand consultancy. With our brand consultancy services, we help businesses strengthen and gain competitive advantage. As Fairglob Trading, we aim to shape the future of global trade and contribute to the success of our business partners. As Fairglob Trading, we offer various language solutions to ensure excellence in communication and cooperation with our team of experts with language skills in the services we provide. We take a transparent approach at every stage of our services and do not charge commissions. In this way, we offer a business model that enables you to make your trading more profitable and sustainable. At Fairglob Trading, we build long-term reliable relationships with our customers based on the principles of honesty and transparency. With our customer-oriented approach that prioritizes customer satisfaction above all else, we produce solution-oriented, fast and effective results. With the awareness that the needs of each customer will be different, we create a special road map for your business.
